Terms and Payment Conditions for Quarterly or 12 Month Payment Option:

1. Should the contracted party exit the course program for any reason whatsoever during Year 1, it will be deemed as a late cancellation of the signed contract. The full remaining residue of the tuition fees for the academic year of R112 500 plus interest will immediately fall due less any paid instalments up to the cancellation date of the contract.
2. We expect sponsors to honour their selected payment option. Failure to pay any monthly/quarterly instalment on or before the 1st day of each month of their due will result in the immediate cancellation of the contracted student's instalment payment plan option and the full balance of tuition fees for the academic year will fall due. The student will also be suspended from the hostel if a resident, all lectures and practicals until such time as the full arrears have been settled.
3. If you are accepted as a "late registration" student, the due dates for all instalments on this payment plan are still applicable and must be settled in full before you can commence with lectures.
4. Overdue accounts will be handed over for collection and the student applicant and their sponsor will be liable for all collection costs in addition to the overdue fees and interest due.
